**Honey for Sale, Collecting Bee Swarms, Stinging Insect Removal**

The Maryland Department of Agriculture (MDA) and the University of Maryland Cooperative Extension Offices (CES) receive calls from the public requesting sources of local honey, and reporting honey bee swarms during the spring swarming season. Occasionally a local beekeeper cannot be found that has honey for sale or to collect these bees (usually collected free of charge). Calls are also received regarding honey bee nests in the walls of houses, and yellow jacket and hornet's nests that homeowners would like someone to come and remove (usually removed for a fee).

If you plan on having honey for sale and you would like your name, town and telephone number included on a list that will be distributed to the public, please indicate this below. If you are seriously interested in collection honey bee swarms and/or removing honey bee, yellow jacket or hornet nests, and you would like to have your name included on a list that will be used by the MDA and CES, indicate this below. Your name will be given out to the public when calls that pertain to the categories you have checked are received.

Please note: If you use any insecticides when collecting stinging insects, Maryland Law requires that you be licensed and certified to use pesticides by the MDA or be employed by a licensed pest control company. Collecting stinging insects without using an insecticide does not require any license.

*Check Appropriate Spaces.* I want to be included on your list and receive calls for:

- \_\_\_\_\_ 1. Honey for sale
- \_\_\_\_\_ 2. Removing honey bee swarms
- \_\_\_\_\_ 3. Removing honey bee nests in walls of buildings, etc.
- \_\_\_\_\_ 4. Removing yellowjacket and hornet nests

County or counties in which I am interested in collecting/removing stinging insects:
